OBJECTIVES

1. Develop a more organized and effective approach to job-related reading.
2. Improve comprehension
3. Increase reading speed
4. Increase recall

Classes are kept small in order to allow for individual instruction and students are expected to practice at home and at work between sessions.

COST

The cost of approximately \$45 per student is assumed by the sponsoring office. Since the full price is charged after the first session, it is imperative that only those certain to complete the course be selected to attend. Because of the nature of the course, no substitutions can be made after the first day.
